Sub: Forest concessions - South Kanara - Working - 1945 - Annual report - submitted.

1. The concessions in force in the division are dealt with under Press Communique No.682 dated 30-8-1938 and they are based on Chief Conservator's Proceedings 2195/of 24-2 dated 23.7.1924 and No.266 dated 17.5.1938 (G.O. No.1211 Development dated 10.5.1938). A printed copy of the last notification is enclosed for perusal.

2. There was no serious abuse of the concessions in any of the reserves.

3. In G.O. No.1432-Dev. 7.4.1945 communicated in C.C.F's Proceedings 85/14-4-45 Kalenjimale and Veerakamba Reserves in Puttur Range which were closed to the concessions in the past were also thrown open to the concessions for a period of one year from 1st April 1945. Though there is not much improvement, the conditions have not worsened in any way. The number of offences reported from these two reserves compares as follows with that in 1944:--

Name of R.F.	No. of offences reported in 1945	No. of offences reported in 1944.
1) Kalenjimale	30	60
2) Veerakamba	10	22

These figures indicate much improvement but it is not so, because as reported in the last year's report out of the 60 and 22 cases reported in 1944, 27 and 12 cases would not have arisen but for the fact that the reserves had been closed to the concessions. Taking all the circumstances of the case I propose that these reserves may be thrown open to the concessions for another year from 1.4.1946 and the result watched

4. I therefore recommend that the existing concessions referred to in para 1 may be continued during 1946-47.
